COTTON

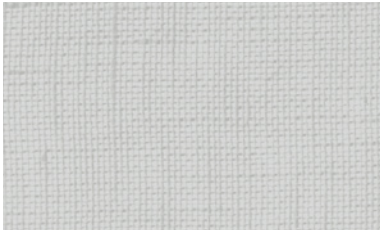

EN

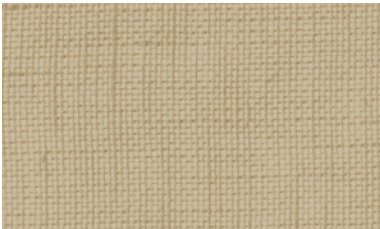

100% cotton. Strong, breathable with moisture regulating properties. TenCate Cotton canvas is made of 100% cotton. TenCate only uses high quality, staple cotton fibers. TenCate Cotton canvas is strong and has great breathing and moisture regulating properties. With its water repellence, mildew resistance and dirt repellence treatment the canvas is resistant to all weather conditions. Furthermore, our products meet the strict environmental requirements. The canvas is widely used in family and tunnel tents, trailer tents, pyramid tents and glamping tents.

100% katoen. Sterk, ademend met vochtregulerende eigenschappen. TenCate Cotton canvas is gemaakt van 100% katoen. TenCate gebruikt alleen hoogwaardige katoenstapelvezels. TenCate Cotton canvas is sterk en heeft goede ademende en vochtregulerende eigenschappen. Met zijn waterafstotende, schimmelwerende en vuilafstotende behandeling is het canvas bestand tegen alle weersomstandigheden. Bovendien voldoen onze producten aan de strenge milieueisen. Het canvas wordt veel gebruikt in familie- en tunneltenten, vouwwagententen, piramidetenten en glampingtenten.		100% Baumwolle. Robust, atmungsaktiv mit feuchtigkeitsregulierenden Eigenschaften. TenCate Cotton Canvas besteht aus 100 % Baumwolle. TenCate verwendet ausschließlich hochwertige Baumwollstapelfasern. TenCate Cotton Canvas ist stark und hat eine gute Atmungsaktivität sowie feuchtigkeitsregulierende Eigenschaften. Mit seiner wasserabweisenden, antimykotischen und schmutzabweisenden Behandlung hält das Canvas allen Wetterbedingungen stand. Darüber hinaus erfüllen unsere Produkte strenge Umweltauflagen. Das Segeltuch wird häufig in Familien- und Tunnelzelten, Anhängerzelten, Pyramidenzelten und Glampingzelten verwendet.		100% Coton. Solide, respirant avec des propriétés de gestion de l'humidité. La toile TenCate Cotton est composée à 100 % de coton. TenCate n'utilise que des fibres discontinues de coton de haute qualité. La toile TenCate Cotton est solide et a une bonne respirabilité et des propriétés de régulation de l'humidité. Avec son traitement déperlant, antifongique et anti-salissures, la toile résiste à toutes les conditions climatiques. De plus, nos produits répondent à des exigences environnementales strictes. La toile est largement utilisée dans les tentes familiales et tunnel, les tentes caravanes, les tentes pyramidales et les tentes glamping.
